

Event Coach Tips

(Event coaches are people who are working directly with students helping them become proficient in their event.)

- Be sure to attend the Virtual Coaches Training on January 13. Click on event below for more information and schedule.
- Check with your head coach to see what materials are available. If you need to purchase books/equipment, how will it be paid for?
- Check out the calendar for event workshops for the year [here](#). For more information regarding Community Workshops, click [here](#).
- You should begin setting up regular meetings with your students. Plan to meet every week for about 45 minutes to an hour.

Student Tips

- If you know which event(s) you are in, start studying. This helps you get a jump start on all you need to learn. Click [here](#) to read about your event(s).
- Let your event coach know when you are available to meet.
