

Past Example Tests – Rock Hound

There was a time many years ago when it was routine for some events to release tests after district practice tournaments. We have since discontinued doing so to support our Supervisors and their efforts to routinely provide quality tests at tournaments.

Caution

- These tests were not written by our current Supervisor
- These tests are not matched to the current rules
- The tests may not be complete and have not been reviewed for accuracy

Still, we thought you might appreciate access to this resource.
