

Head Coach Tips (Head coaches are the people who organize the school's team)

- [Event Coach Training](#) is **Saturday, January 13, 2024 and will be Virtual**. This is a valuable training session with all the events given by event supervisors.
- Make sure every event coach can attend the virtual coaches training on January 13.
- Interested in [ordering](#) some quick start kits? Follow the instructions carefully as this is a new form for ordering this year.
- Be sure to give each event coach the [rules](#) for the event they are about to coach. It is important that they have and have read over this information before the virtual coach's training on Jan. 13th.
- A head coach handbook is available [here](#). It provides information on what you can do to help your team succeed.
- Make sure you know where the Science Olympiad materials from last year are located. There may be equipment, notes (perhaps in boxes/binders) with information from last year's event coaches. Do you need to buy equipment or books—especially for new or revised events? Do you know how these purchases will be covered (school, PTA, coaches, fundraising)?
- We have built a YouTube Channel for easy access to informative and fun [videos](#). Scroll to the bottom of the page and click on the event you wish to see a video from.
