

**ZF has generously supported Science Olympiad students with scholarships to Macomb Community College, since 2002.** Winners are randomly selected from among the 1st-place medal winners from the High School division.

**This guide will help you find the information you need to consider your options and get the most from this great benefit.**

### **When can I claim my scholarship?**

You can use the scholarship at any time. However, **there is a time limit**, and your scholarship will expire if not used within the timeframe specified on your scholarship certificate. The time limit has usually been 15 months after high school graduation. If you are enrolled in a class by that point, it should be eligible. **Even if you have lost your certificate, the college financial aid office should still have a record of your scholarship.**

The scholarship may be applied to most "credit" courses offered by MCC, including tuition, fees or books. Once you find a class you wish to take, you should confirm with the Financial Aid office that it is not excluded for some special reason.

If you are intending to transfer the credit earned to another college or university, you should contact an advisor or counselor at that institution to find out the details.

Some high school students attend Macomb Community College in a dual-enrollment program, where some class hours of the day are taken at the college. This scholarship is not intended to replace that program. For questions about the dual-enrollment program, contact your high school counseling office.

The cost of a course will be determined by the number of credit hours, course fees and the books required books. Your scholarship may cover all or just part of the cost. You will be expected to pay any outstanding balance not covered by your scholarship.

### **Find a Course**

The current course catalog with course descriptions can be found [here](#), or you can request a hardcopy of the catalog from the Information Center at 866-Macomb1 (866.622.6621) or by [email](#).

Once you find a course you need to find an offering that meets your schedule.

Classes come in all shapes and sizes. Most are 16 weeks long, but some courses are offered in 12, 8, 4 and 2-week formats. One way to find this information is through the [online course catalogue](#).

If you need additional assistance, you can contact the Counseling and Advising office:

- Center Campus, room H-103, 586-286-2228
- South Campus, room H-316, 586-445-7211

## **Complete an Application for Admission**

Create an online account and complete the [application](#). Once it is processed, you will be issued a **Student #** and a **Webadvisor ID**.

## **Contact the Financial Aid Office**

Contact the Financial Aid Office at 586-445-7228 to associate your scholarship with your Student ID #. A voucher will be created that will help pay for your course once you have registered for it.

## **Register for the Course**

Registration may be accomplished over the Internet, by phone, or in person. If you have questions during the registration process, you may contact Enrollment Services at 586.445.7225, or by email at [enrollmentservices@macomb.edu](mailto:enrollmentservices@macomb.edu).

## **Purchasing Books**

The MCC bookstore can accept scholarship money for book purchases, even for courses you are taking somewhere else. The MCC bookstore also has a program for "renting" certain textbooks at a lower cost, if you are willing to return the book in good condition.

## **Congratulations!**

If you have trouble with this process, you are welcome to contact Macomb Science Olympiad for assistance at [sponsorship@macombso.org](mailto:sponsorship@macombso.org).
